SUMMARY OF QUALIFICATIONS

Passionate about technology and always seeking innovation, I have 2 years of experience in the IT industry. I am specializing in software engineering, with a strong background in React, .NET, React Native, Angular, and Ionic. I have a passion for solving complex problems and believe that the best solution is usually the simplest. I am always looking for the next challenge and am open to opportunities where I can use my skills to make a difference.

PROFESSIONAL ACTIVITIES

SINQIA – 02/2023 – Nowadays

Full Stack Developer

Responsible for implementing two-factor authentication in the pension portals of Usiminas and the ATH system used by Energisa and Banesprev, aiming to comply with the General Data Protection Law and improve access security to the portals for thousands of participants. All development was with C#, Visual Basic, Angular, Ionic, Xamarin, Oracle, and SQLServer.

ZTAURUS – 11/2022 – 06/2023
